NOTIFICATION.

The 11th May 1888.—The following rules relating to money-orders other than revenue money-orders in favour of the Magistrate, Collector (or Deputy Commissioner), Chairman of the District Board, and officers in charge of departments under the Magistrate or Collector, have been approved by the Lieutenant-Governor and are published for general information.

COLMAN MACAULAY,

Secretary to the Government of Bengal.

PART I.

Procedure in the Office of Issue.

1. Whenever a money-order presented for issue is drawn in favour of the Magistrate or Collector or (Deputy Commissioner), or Chairman of the District Board, or in favour of the Deputy Collector or other officer in charge of any department under the Magistrate or Collector (or Deputy Commissioner), it will be the duty of the Money-order Clerk or Sub or Branch Postmaster to see that the proper form of money-order is used.
2. If the remittance is for land revenue, road cess, public works cess, or zemindari dāk cess, the revenue money-order form must be used, and the rules relating to revenue money-orders must be observed.
3. If the remittance is for any other purpose, the ordinary inland money-order form must be used.
4. The rule prohibiting the inclusion of pies (fractions of an anna) is not applicable to money-orders in favour of any of the officers named in rule 1. Such money-orders may contain any fraction of an anna not less than one pie. Remittances of amounts including fractions of pies are not allowed. The limit of the amount of a single money-order is the same as of any other ordinary money-order.
5. If a remitter of land revenue, road cess, public works cess, or zemindari dāk cess desires to remit at the same time any sum due to Government on any other account, he must use a revenue money-order for the remittance of land revenue, road cess, public works cess, or zemindari dāk cess, or for so many of these dues as he wishes to remit, and a separate ordinary inland money-order form for each other remittance.
6. A separate money-order form must be used for each Government due remitted by the ordinary inland money-order, and remittances on two accounts may not be included in one ordinary money-order.
7. (a) If the remittance is on account of income-tax, the remitter must be furnished with one of the special income-tax coupons (Form 1—G. M. O.), and must fill up all the particulars indicated thereon. The remitter is responsible for the correctness of the entries, but it is the duty of the Money-order Clerk or Sub-Postmaster or Branch Postmaster to refuse any money-order in which all the particulars are not entered.
(b) If the remitter is illiterate, the Money-order Clerk or Sub or Branch Postmaster should give him any aid he may require to fill up the entries. The Money-order Clerk or Sub or Branch Postmaster must give this aid freely, and may not demand or accept any gratification in return on pain of dismissal.
(c) The income-tax coupon should then be carefully and strongly pasted by the Money-order Clerk or Sub or Branch Postmaster over the coupon on the black side of the money-order form. Care must be taken that the coupon is not pasted over the entries on the black side of the acknowledgment.
8. If the remittance is on any account other than income-tax, the Money-order Clerk or Sub or Branch Postmaster must see that particulars of the object of the remittance are entered clearly on the ordinary coupon of the ordinary inland money-order form. If the object of the remittance is not clearly stated on the coupon, the Money-order Clerk or Sub or Branch Postmaster should not accept the order until the omission is rectified and the object clearly stated. The Money-order Clerk or Sub or Branch Postmaster should give any aid that the remitter may require to fill up the coupon, and may not demand or accept any gratification in return on pain of dismissal.
9. After the money-order has been properly filled up, it should be received and dealt with in the same way as any other ordinary inland money-order.
10. Every remitter of a money-order other than a revenue money-order in favour of any of the officers named in rule 1 should be informed that he will not receive the ordinary money-order acknowledgment signed by the payee, but that the usual departmental receipt will be forwarded to him direct by post, and that he should address the payee regarding it if he do not receive it in due course. He should also be advised to keep the carbonic receipt carefully until he receives the formal departmental receipt from the payee.

PART II.

Procedure in the Post Office on payment.

11. These rules only apply to disbursing offices at the head-quarters of districts. Other post offices which receive for payment ordinary money-orders in favour of Government or District Board officials will pay them in cash under the procedure applicable to money-orders in favour of private individuals.

12. When the ordinary money-orders in favour of the officers named in rule 1 are in all respects ready to be handed over to the postman, a list (Form 2—G. M. O.) should be made out by the Money-order Clerk, and the entries in the money column of the list should be carefully totalled. No money-order should be included in the list unless the object of the remittance is entered on the coupon.

13. The Postmaster should then check the entries in the list with those on the money-orders, and also check the total of the money column. He will then give the postman the list and money-orders, and a Treasury voucher (Form A/c 17) representing the total value of the money-orders as entered at the foot of the list.

14. The Postmaster will be responsible that he has always sufficient funds at his credit in the District Treasury to meet the voucher, and it will be his duty, when giving the voucher, to see that there are funds in the District Treasury to meet it.

15. The postman will take the list and money-orders and Treasury voucher to the Treasury Officer, and will receive back from the Treasury Officer the money-orders without the coupons and acknowledgments, and will be careful to see that he receives back all the money-orders, and that they are all duly receipted by the Treasury Officer.

16. The money-orders received back from the Treasury will be examined by the Money-order Clerk in the same way as other ordinary money-orders, and will be entered in the journal of money-orders paid, and be disposed of in the usual way. As the departmental offices under the Magistrate and Collector will furnish the remitters with departmental receipts, the acknowledgments will not be returned by the Treasury Officer for transmission to the remitters.

17. The amount of the Treasury voucher will be entered in the Post Office and Treasurer's cash day-books, and the cash account on the receipt side opposite the item "Drawn from District Treasury," and will be included in the sum entered on the disbursement side under the head "Amount of money-orders paid." The amount will also appear in the Treasury account as money drawn from the District Treasury. All these entries must be made on the same date.

18. If it should happen that a money-order is received at the disbursing office without the object of the remittance being entered on the coupon, the money-order will, as stated in rule 12, not be included in the day's list. The Postmaster will retain the money-order in deposit, and make a reference to the office of issue to ascertain the object of the remittance. On the receipt of a reply he will attach it to the coupon, and the reply will be considered as part of the coupon. The money-order will then be included in the next list sent to the Treasury Officer. If, notwithstanding a reference to the office of issue, the object of the money-order cannot be ascertained, the Postmaster of the disbursing office will treat the money-order as refused, and return it under the usual procedure to the office of issue, noting across the coupon the words "refused, as object of remittance not stated." Every case in which a money-order is received without the object being entered on the coupon should be reported by the office of payment to the Superintendent of the division in which the office of issue is situated.

19. On the 5th of every month the Money-order Clerk will prepare a return (Form 3—G. M. O.) of all official money-orders (other than revenue money-orders) received during the previous month, and this return will be submitted by the Postmaster to the head of the circle.

PART III.

Procedure to be followed in the Treasury.

20. On receipt of the list, money-orders and Treasury voucher in the Treasury, the Treasury Officer will check and compare the documents. If there is any error, he will return all the documents to the Post Office with a note of the error or errors. When the documents are correct, the Treasury Officer will at once cut off the strip of each money-order containing the coupon and acknowledgment, sign and date the money-orders as payee, and return them to the postman. The Treasury Officer will retain the strips, including the coupon and acknowledgment, the list of money-orders (Form 2—G. M. O.) and the Treasury voucher.

21. The Treasury Officer will on the same day charge the amount of the Treasury voucher against the letter of credit of the Postal Department as money paid to the disbursing Postmaster, and credit the amounts of the several money-orders as shown in the list and on the acknowledgments to the appropriate departments. If the amount of any money-order cannot for any reason be credited at once in the treasury accounts, the amount should be disposed of according to the standing rules and practice of the Account Department, or be made over in cash to the officer who would have been entrusted with it had the money been paid in cash instead of by money-order, or had it been sent as cash in an ordinary or registered letter.

22. To each department in favour of which any money-order or money-orders have been received and credited, the Treasury Officer will on the same day send an advice list in the accompanying form (Form 4—G. M. O.), together with the corresponding strips consisting of the coupons and acknowledgments. The Treasury Officer will be responsible that the

total of the amounts of the advice lists, and any sums made over in cash under rule 21, is equal to the amount of the Treasury voucher received from the Post-office and debited to the Postal Department.

23. No money-order received from the Post-office may be refused. If the particulars given are not sufficient to enable the Treasury Officer to credit the amount under the proper sub-head of account, he must credit it or treat it in the same way as he would have credited or treated a currency note received by post with a letter furnishing only the particulars given in the money-order coupon.

PART IV.

Procedure in the Departmental Offices under the Magistrate or Collector or Chairman of the District Board.

24. On receipt of an advice list with the corresponding strips consisting of the coupons and acknowledgments, the usual entries will be made in the prescribed registers, and the prescribed receipts will be sent to the remitters by post, the postage being prepaid by service or ordinary stamps, according as the department is or is not entitled to use service stamps.

25. The officer in charge of the department will be responsible that the prescribed form of receipt is sent to each remitter at latest on the first open day after the receipt of the advice list from the Treasury.

26. If the amount of a money-order is more than is due from the remitter, the excess should be entered as an advance on account of future dues; if the amount is less than is due, it should be credited as a payment in part; if the period on account of which the remittance is made is specified, the amount should be credited on account of that period; if the period is not specified, the remittance should be set off against those dues which have been longest outstanding.

REVISED TEA AND ARABLE LEASE RULES.

REVENUE DEPARTMENT—LAND REVENUE.

Calcutta, the 9th May, 1888.

RESOLUTION.

READ—

Letter No. 578A, dated the 13th July, 1883, from the Board of Revenue, Lower Provinces, with enclosures.

This Government's letter to the Board of Revenue, No. 959T—R, dated the 27th September, 1883.

Letter from the Board of Revenue, No. 779A, dated the 2nd November, 1886, with enclosures.

Letter No. 34CP, dated the 10th December, 1886, from Mr. Donald Sunder, Sub-divisional Officer, Alipur, Julpigoree.

Letter, dated the 12th January, 1887, from Mr. J. C. Stalkartt, with enclosure.

This Government's letter to the Board of Revenue, No. 208—84LR, dated the 21st January, 1887.

Letter from the Board of Revenue, No. 643A, dated the 14th September, 1887, with enclosures.

Letter, dated the 30th September, 1887, from the Dooars Planters' Association.

Letter No. 380T—O, dated the 11th November, 1887, from Mr. D. Sunder.

Rules for the grant of leases of Government waste lands for the cultivation of tea were first issued in 1875 for the district of Julpigoree only, and in 1878 they were revised and extended to the district of Darjeeling. There are also in force in the district of Julpigoree rules for the grant of leases of arable lands, which were framed in 1875 on the basis of the Tea Lease Rules. In 1882, the Board of Revenue suggested to the Commissioner of the Rajshahye Division that both sets of rules should be recast so as to bring them into accord with recently issued orders and decisions, and Lord Ulick Browne accordingly took occasion to propose a series of amendments suggested by his local experience. None of these proposals were of financial importance, nor did they affect any general question of principle, and they were with slight modifications accepted by Government, the Commissioner being subsequently requested to put them into the shape of draft rules. The draft prepared in accordance with these instructions was submitted to Government in November, 1886, and published in the *Calcutta Gazette* of the 1st December of that year, remarks and criticisms being invited up to the 15th January following.

The Lieutenant-Governor having duly considered, in consultation with the Board of Revenue and the local officers, such objections and observations as have been put forward, and having to some extent modified the original proposals in accordance therewith, is pleased to declare that, from the date of publication of this Resolution in the *Calcutta Gazette*, the rules published below will be adopted in supersession of all previous orders upon the subjects with which they deal.

Persons already holding tea or arable grants in these districts may have such grants brought under the operation of the new rules on intimating their desire in this respect to the Deputy Commissioner within six months from the date of the publication of these rules, but no such application will be entertained unless the new rules are elected in their entirety.

ORDER.—Ordered that this Resolution, together with the revised rules, be published in the *Calcutta Gazette* for general information, and that copies of the Resolution and of the revised rules be forwarded to the Departments and persons named in the margin.

Secretary to the Govt. of Bengal.

REVISED RULES FOR THE GRANT OF TEA AND ARABLE LEASES.

Rules for the grant of leases of Waste lands for Tea cultivation in the Districts of Julpigoree and Darjeeling.

PART I.

THE following rules for the grant of leases for tea cultivation in the districts of Julpigoree and Darjeeling supersede all those previously passed :—

1. The lands that are generally available under these rules in the district of Julpigoree are the unsettled lands, excepting reserved forests, which lie within that tract of country, bounded on the north by Darjeeling and Bhootan, west by the Teesta river, south by the State of Cooch Behar, east by the Sunkos river. Any lots of waste land belonging to Government, lying in any other parts of the district of Julpigoree, and which are not reserved for other purposes, may also be made available for tea cultivation under these rules.

The lands that are generally available in the Darjeeling district lie in the Kalimpong or Daling sub-division of the district, east of the Teesta. They are in two blocks, bounded as follows :—

I.—North.—The Labah forest block.

South.—The Lehti, Noam, Pugo, and Mal forest blocks.

West.—The Jeet Chu.

East.—The Nim Chu to its junction with the Chu Chu, then the Chu Chu to a point about $\frac{1}{2}$ mile below Ambiokh, then a line northwards up to the Ambiokh forest block, and thence southward the boundary of the Dalingkote forest block and the Goorobathan khas mehal: area about 19.95 square miles.

II.—North.—The Mo forest block.

West.—The East Nar block.

South and South-west—The Mochu, up to its junction with the Khoomanee.

East.—The Khoomanee and Rougo forest block: area about 8.50 square miles.

2. The following lands will not ordinarily be available under these rules :—

(a).—Lands which, by a notification in the *Calcutta Gazette*, are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.

(b).—Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sâl, khair, chelownee, sissoo, &c.) in considerable quantities and in compact blocks or patches.

(c).—Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as render it impolitic or unadvisable to grant such lands to any other person or persons for the purpose of tea cultivation.

(d).—Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare: provided that such road or thoroughfare shall have been constructed, or shall be kept in repair, from public funds.

(e).—Lands which the Local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

3. Every person, company, or association or promoter of a company or association, desirous of obtaining a grant of land under these rules, must, in person or by a duly authorized agent, present an application on stamped paper of the value of eight annas to the Deputy Commissioner of the district in which the land lies.

4. The application must specify—

(a).—The name, or names, and address or addresses, of the applicant, or applicants, and of his or their authorized agent, if any.

(b).—The area, situation, and boundaries of the land applied for as far as they can be ascertained without a detailed survey.

(c).—The particulars, if any, which may appear to the applicant to bring any part of the land applied for within the exceptions mentioned in Rule 2. The application must also state whether the land, or any part of it, is, or has ever been, cultivated in any manner.

5. Every lot applied for must be compact and capable of being enclosed in a ring-fence; and if any part of the land touches on a public road or navigable river, the length of such road or river frontage must not exceed one-half the breadth of the lot applied for.

The exact boundaries will be settled by the Deputy Commissioner, who will decide the point on a consideration of what is best in the public interests.

6. Not more than 800 acres will ordinarily be granted to any one applicant, company, or association; and when more than 800 acres are applied for, the applicant must set forth specially the grounds for such application, and give *prima facie* guarantees that he possesses the requisite capital for working such larger area.

The Deputy Commissioner may, when he has reason to believe it to be necessary, demand such a guarantee when the area applied for does not exceed 800 acres.

If, upon proceeding to survey and map out the grant, the Deputy Commissioner finds that it is desirable in the public interests, or for the sake of good boundaries, to include a larger area than 800 acres within the area to be granted on the application, it shall be in his discretion, with the sanction of the Commissioner, to grant to one applicant so much land, not exceeding 1,000 acres, as may be necessary to obtain good boundaries and to avoid waste, &c.

7. All applications for more than 800 acres will be forwarded by the Deputy Commissioner to the Commissioner, who, if he desires to recommend compliance therewith, will forward them to the Board of Revenue, who are empowered to sanction such grants up to a limit of 1,200 acres, and shall take the orders of Government upon applications for an area exceeding that amount.

8. The holder of a grant of 800 acres shall not be debarred from applying for a second grant if he has complied with the clearance and other conditions of the preliminary lease in respect of the first grant. Tea lease-holders may obtain arable grants contiguous to their tea lots.

9. On receipt of an application for any area not exceeding 800 acres, the Deputy Commissioner must satisfy himself, as far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division, if preferred within 30 days from the date of the order. If the Deputy Commissioner considers that an application for such area as it is within his power to grant should be entertained, or, in the case of application for areas over 1,000 acres, when the orders of Government or the Board, as the case may be, accepting the application, are received, the applicant or his agent will be required to deposit the estimated cost of the enquiry referred to in the next rule, and the cost of survey and demarcation to be made as hereinafter provided. The amount to be so deposited must be calculated at one rupee per acre of the total area applied for. If the area is found to be greater, the sum of one rupee per acre must be paid on account of such excess area before a preliminary lease is granted.

Payments under this rule do not cover the cost of erecting permanent boundary marks under Rule 24.

In the event of the applicant withdrawing his application before any enquiry has been made under Rule 10, or in the event of its being found that the land has been previously applied for, the applicant shall be entitled to a refund of the survey fee paid by him; but in the latter case (*i.e.* of the land having been previously applied for) an enquiry fee at the rate of one anna per acre is to be deducted from the survey fee deposited, and the balance is to be returned.

If the cost of survey is not paid within one month of demand, the application may be struck off.

10. On receipt of the sum payable under the preceding rule, and of an agreement signed by the applicant, or by his authorized agent, to pay such further sum as may be required for the purposes above mentioned, the Deputy Commissioner will record an order appointing a tehsildar or other officer to visit the land and to make full and detailed enquiries into its condition and circumstances.

11. The general object of such enquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force; but the Deputy Commissioner may instruct the officer making the enquiry to furnish him with such other specific and detailed information as may seem to him to be necessary.

12. On completion of this enquiry, the officer making it will record the result thereof, and submit a report for the orders of the Deputy Commissioner. If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or written, as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not therefore be surveyed, he will record an order to that effect. An appeal will lie from such order to the Commissioner of the Division if preferred within 30 days from the date of the order.

13. If the Deputy Commissioner decides that the land applied for can be granted under the rules, and should therefore be surveyed, he will record an order to that effect.

14. The Deputy Commissioner shall at once send a copy of any order passed under Rule 13 to the Conservator of Forests, in order that an estimate may be made by the Forest Department of the value of any forest trees standing on the land. The Conservator of Forests will depute an officer to examine the land and make a detailed report, a copy of which will be allowed to the applicant, suggesting the average rate per acre at which payment should be made for such trees. Such officer, in valuing the timber, shall have regard to its present market value on the spot, and to the local circumstances of the case, the accessibility of the grant, and the prospect of markets for timber becoming available during the currency of the lease. The Conservator will carefully examine the report, and forward it to the Deputy Commissioner with such remarks and alterations as he may think necessary. If the Deputy Commissioner,

on receipt of the Conservator's decision, sees reason to object to the proposed rate per acre, he may refer the matter to the Commissioner, who shall take the orders of the Board of Revenue and of Government on any point on which he and the Conservator may eventually differ.

15. If the Deputy Commissioner finds the land, or any part of it, in the occupation of any person or persons or of any village community, he will submit a full report of the circumstances for the orders of the Commissioner, stating in detail how he proposes to deal with such prior occupants, and, if it is proposed to remove them, the compensation, if any, which the applicant undertakes to pay to such persons. If the Deputy Commissioner declines to propose the removal of such occupants, an appeal shall lie to the Commissioner within thirty days after the record of an order by the Deputy Commissioner declining to propose the removal. The Commissioner will report his orders in all such cases for the information of the Board of Revenue.

16. If any claim or objection be preferred under Act XXIII of 1868, the Deputy Commissioner will proceed to dispose of the same in accordance with the provisions of that Act.

17. The officer who made the enquiry provided for by Rules 10 to 12 will, on receipt of an order to that effect from the Deputy Commissioner, proceed to point out to the surveyor the boundaries of the land applied for, and such prominent features in it as may be useful for the purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided. The boundaries and other features above mentioned should be clearly marked and defined by the officer in presence of the surveyor, and the latter should be furnished with a list of them signed by the said officer.

18. The surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose. He must prepare a map showing—

- (a)—All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under Rules 10 to 12, *e.g.*, wheels, streams, forest clumps, &c.
- (b)—Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map.
- (c)—The total area within the boundaries after deductions of areas for roads or other Government reserves, jotes, &c., and the net area of the grant.
- (d)—Points at which permanent or other marks should be erected by the lessee.

The surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey, rendering it advisable that the and he is surveying should not be granted under these rules. He is particularly bound to bring to notice any need for public roads across the lands he surveys, and if the Deputy Commissioner concurs with the surveyor in this matter, the road or roads should be marked off on the ground and on the map, and the area to be occupied thereby should be deducted from the rent-paying area of the grant.

19. The map should ordinarily be on a scale of 16 inches to the mile. If possible, the surveyor's field-book should be copied at the back of it. If not, a copy of the field-book should be attached to or accompany the map. If the map be made originally in the vernacular, the Deputy Commissioner will cause it to be translated into English.

20. On the map being completed, it must be checked by an officer appointed by the Deputy Commissioner. If found to be incorrect, it will be amended by the surveyor in conjunction with the officer above mentioned. If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary enquiry under Rules 10 to 12, and with all other papers connected with the case.

21. The Deputy Commissioner will then proceed to consider the application. A date for this purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorized agent.

22. The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey, minus such an amount as it may seem to the Deputy Commissioner fair to retain in consideration of the expenses incurred. If, however, the application is rejected for a reason which could not reasonably be anticipated under these rules, no portion of the deposit money shall be retained. He is authorized to reject an application when he does not consider that there is a *bonâ fide* intention on the part of the applicant to cultivate in tea the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it. An appeal against every such order of rejection shall lie to the Commissioner of the Division, if preferred within thirty days of the date of the order.

23. If the Deputy Commissioner grant the application, he will without delay grant the applicant a lease in Form A annexed, and call upon him to execute a counterpart thereof, which must be registered, and to pay for forest trees the sum assessed under Rule 14. Payment for these may be made by instalments with the sanction of the Board of Revenue, which will only be given when the Board are fully satisfied of the good faith and solvency of the applicant. In such case the dates and amounts of the instalments shall be endorsed upon the lease, and the lessee must covenant that, in the event of his throwing up his lease, all outstanding instalments shall be forthwith recoverable from him under the Public

Demands Recovery Act, whether the timber on the grant has been cut by him or not; but he shall have no further right to fell or remove timber from the grant.

24. When granting the lease the Deputy Commissioner shall also direct the lessee to mark out the land leased, within three months of the granting of the lease, by a continuous trench, or by clearing the jungle for a breadth of at least twelve feet along the boundaries, or in such other manner as the Deputy Commissioner may direct, and by erecting boundary marks at the points indicated on the map.

These boundary marks may be of masonry, or of stone, or hollow iron telegraph posts filled with clay or shingle, as the Deputy Commissioner may direct; and he will decide on their shape and dimensions.

25. On the expiry of the three months, the surveyor shall test the correctness of the boundary lines and ascertain if the boundary marks have been erected and in their proper places, and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative, by written notice, any mistakes or omissions that may be found. If the mistakes or omissions are not rectified or supplied by the lessee or his representative within sixty days of the receipt of such notice, the lessee or his representative shall be liable to a fine, not exceeding Rs. 50 per day, from the date of the expiry of such notice till the requirements of the notice have been complied with. If at the expiration of thirty more days the mistakes and omissions are not rectified, the lessee's rights in the land will be liable to forfeiture.

26. If upon any inspection being made it shall be found that owing to the neglect of the grantee the boundary lines and boundary marks of his grant have either never been cleared and erected in accordance with instructions received by him, or have been allowed to fall out of repair or become covered with jungle in such a manner that without a resurvey of the entire boundary line the exact position of such boundary marks or lines cannot be ascertained, the Deputy Commissioner may direct that such resurvey be made, and may recover from the grantee such sum not exceeding Rs. 78 per acre of grant as may suffice to defray the cost of such resurvey. All such sums shall be recoverable under the Public Demands Recovery Act as aforesaid.

27. Fines, cost of notices served, of clearing boundaries, of erecting or repairing boundary marks, or any other money that may become due from lessees to Government, shall be deemed to be a demand under the Bengal Council Act VII of 1880, or any other law for the recovery of public demands that may be in force at the time, and shall be recoverable as such.

28. Whenever, after receipt of an application, as provided for in Rule 3, and after making such enquiries as he may deem necessary, the Deputy Commissioner shall be of opinion that there is no *prima facie* objection whatever to the grant under the rules of the land applied for, he may put the applicant in preliminary and provisional possession of an area not exceeding one-eighth of the estimated area of the land applied for, with the object of enabling the applicant to make preparations for commencing cultivation and getting the land in order: provided that the applicant, before obtaining such preliminary possession, shall have cleared the boundaries, and erected such temporary boundary marks round the whole of the area applied for as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant: provided further that the applicant shall engage in writing to pay the cost of any trees felled, at such rate as may be determined by the Forest Department after inspection of the land under Rule 14: and provided further that the applicant shall take on himself all risk of loss occasioned by other claims being preferred to the land, or by his application being eventually rejected, or from any other cause whatsoever. Such preliminary and provisional possession is not to be regarded as fixing the date of entry upon the grant.

29. The order for, and conditions of, such preliminary occupation shall be in Form B annexed, and shall be addressed to the tehsildar, or other officer appointed by the Deputy Commissioner. A copy of the order shall be delivered to the applicant at the time of giving preliminary possession by the officer who gives it, the officer signing and dating it then and there. The original order addressed to the tehsildar, or other officer, shall be signed by the applicant on the date he receives possession in acknowledgment thereof, and the tehsildar or other officer shall forward such original order, with his report written on the back of it, to the Deputy Commissioner for record in his office.

30. If any transfer of an application for land is desired before the grant of the preliminary lease, and if such a transfer is allowed,* it must be registered within twenty-one days of the issue of the order allowing the transfer, or within three months if the deed be executed out of India, and a registration fee of two annas an acre must be paid.

31. If after the survey an applicant shall fail to comply with any request of the Deputy Commissioner made in accordance with the rules, or fail to deposit any sums of money for which the applicant is liable under them, within two months, the application may be struck off.

32. Grantees are not permitted to club or amalgamate their grants otherwise than by transfers duly registered, as provided for in the preliminary lease. Any unauthorized amalgamation will subject the holders of the grants in question to forfeiture of all rights in the lands so amalgamated.

* No transfer will be allowed, for instance, when the proposed transferee already holds a Tea Lease Grant, 15 per cent. of the area of which does not yet contain growing tea-plants.

33. In the event of the amalgamation of two or more separate grants held by two or more different lessees for the purpose of forming an association, or for any other purpose, the fee of two annas per acre, prescribed under the conditions of the lease for registry of the transfer, shall be levied on the aggregate area of all the grants.

34. The lessee shall maintain the boundaries of the grant clear of jungle, and all the boundary marks in good repair. Where roads (kept clear of jungle) or streams do not form the boundaries, the lessee shall clear the boundaries of jungle at least once a year not later than the end of February in each year.

35. The Deputy Commissioner should annually, or as often as possible, himself inspect or cause to be inspected, the boundary lines and permanent marks referred to in Rules 24 to 26, and should he find any out of order, shall by letter instruct the lessee or his representative to place the same in order, and failing his doing so within thirty days of the receipt of the said letter, shall cause the same to be put in order, and shall recover from the lessee or his representative the cost of doing so, if need be, under the Public Demands Recovery Act.

36. If the lessee is at any time found, by survey or otherwise, to be in possession of land in excess of the acreage for which he has paid rent, he shall pay rent, at the rates payable by him for the grant itself, for such excess land, whether it be within or without the boundaries described in the lease or map, from one year after the date he received possession (preliminary or otherwise) of the grant, or any portion of it, unless it is established to the satisfaction of the Deputy Commissioner that no possession of the excess land was taken until after the grant of the renewed lease, in which case rent shall be payable from the date of the expiration of the preliminary lease. Provided that such unauthorized occupation of excess land, and payment of rent for it, shall give the trespasser no right to continued occupation, and the Deputy Commissioner shall be entitled, if he thinks fit to do so, to recover possession of the excess lands.

5. The lessee binds himself to conform to all the provisions of the rules for the grant of tea leases under which this lease is granted.

6. Five per cent. of the area of the land leased shall be cleared by the end of the second year after the grant of this lease, and ten per cent. by the end of the third year.

7. Any land covered by the lease, which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government for the class of land taken. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

8. All rights to minerals or quarries of all kinds are reserved to Government, together with such right-of-way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

9. No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream, is given by this lease. A public right of way over twenty yards on either bank of every stream, however much the bank may shift by action of the stream or otherwise, available at any time of the year for local boat traffic, is reserved.

Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is, in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity; and the lessee is bound not to injure the springs, or allow others to do so.

10. Standing timber must be paid for at the average rate per acre intimated to the lessee by the Deputy Commissioner before possession is given under this lease, unless, with the sanction of the Board of Revenue, payment by instalments has been allowed. In the latter case, payment must be made according to the schedule of instalments endorsed upon the lease. In the event of the lessee throwing up the lease while any instalments due to Government on account of timber are unpaid, the lessee hereby agrees that all such instalments shall forthwith become due and be recoverable from him under the Public Demands Recovery Act, whether all the timber on the grant has been cut by him or not; but he shall have no right of any kind over any timber on the grant, cut or uncut, after the date of his so throwing up the lease.

11. Whenever on an inspection being made the boundary lines and marks referred to in Rules 21 to 6 are found to be out of order, the lessee shall be bound to put them in order at his own expense on receipt of a requisition to that effect from the Deputy Commissioner. Should the lessee fail to do so within thirty days from the receipt of the requisition, the Deputy Commissioner shall cause it to be done, and if the lessee fails to pay, the Deputy Commissioner shall be entitled to recover from the lessee, under the Public Demands Recovery Act, all costs incurred in doing so.

12. If upon any inspection being made it shall be found that owing to the neglect of the grantee the boundary lines and boundary marks of his grant have either never been cleared and erected in accordance with instructions received by him, or have been allowed to fall out of repair or become covered with jungle in such a manner that without a resurvey of the entire boundary line the exact position of such boundary marks or lines cannot be ascertained, the Deputy Commissioner may direct that such resurvey be made, and may recover from the grantee such sum not exceeding Rs. 78 per acre of grant as may suffice to defray the cost of such resurvey. All such sums shall be recoverable under the Public Demands Recovery Act as aforesaid.

13. The lessee shall be bound to furnish the Deputy Commissioner with information as to the births and deaths of residents in his tea garden, and as to progress and outturn thereof, in such form as may be approved by Government.

14. After the expiration of the second, third, and fifth year of the lease, the Deputy Commissioner, or any officer appointed by him, shall enter on, inspect, and measure the areas cleared and under cultivation, and the lessee may at any time demand that such inspection and measurement be made. The expenses of any such inspections and measurements as are made before the due date on demand of the lessee (but of no others) shall be paid by the lessee as rent due. The Deputy Commissioner may at other times enter on, inspect and measure the area under

cultivation. If on any inspection being made during the term of this lease, or if on the first inspection being made after the expiration of such term, it is found that 15 per cent. of the total area held under the lease has been brought under cultivation by means of good husbandry, and actually bears tea plants, the lessee shall be entitled to the renewal of the lease for a further period of thirty years, and to renewals for similar periods in perpetuity, subject to the rules and the terms and conditions of renewed leases.

15. If, by the end of the fifth year after the grant of this preliminary lease, less than 15 per cent. of the total area held under it has been brought under cultivation by means of good husbandry, and less than 15 per cent. actually bears tea plants, the land may be resumed, or, on the application in writing of the lessee, he may be allowed to hold on from year to year as a tenant-at-will for three more years or such less period of time as the Commissioner, with the sanction of the Board, may determine, on agreeing to pay rent for such terms at the same rates for which he would have been liable if he had complied with the condition about bringing 15 per cent. under tea cultivation. On the application of the lessee an inspection and measurement shall be made as soon as convenient after the expiration of any one of the three years, and the Deputy Commissioner may make such inspection and measurement of his own accord after the expiration of the third year. If after any such inspection and measurement it is found that 15 per cent. of the area bears tea plants, a renewed lease shall be granted on the terms that would have been in force if the condition had been complied with by the end of the fifth year. At the expiration of the three years all rights in the lands leased will lapse to Government if 15 per cent. of the area does not then bear tea plants. The cost of all inspections and measurements made during the three years' grace shall be paid by the lessee.

16. All expenses connected with inspections and measurements, for which the lessee is liable under these rules, shall be recoverable under the Public Demands Recovery Act.

17. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

PART II.

TERMS AND CONDITIONS OF RENEWED LEASES OF LANDS FOR TEA CULTIVATION.

1. Subject to any general or special orders of Government, the rent to be paid on the renewal of the lease for a term of thirty years shall be fixed by the Board of Revenue on the report of the Deputy Commissioner on each occasion of renewal, but shall not exceed the rate* of rent per acre paid in the neighbourhood at the time of renewal for the highest class of lands under ordinary cultivation.

Provided that in no case shall the total rent payable under the renewed lease be less than twelve annas an acre on the entire area of the land leased.

If at any future time the administration of the tracts under tea cultivation should entail on the State any considerable increase of expenditure, it will be competent to the Government, with the sanction of the Legislature, to impose such special taxation as may be deemed necessary, either by raising the rent or in some other mode. But under no other circumstances will the rent, which has been fixed for a term of years on the principle above enunciated, be raised during the currency of such term.

Lands actually planted with tea in the Dooars will, for the present, be assessed at the rate fixed for roopit land in the pergunnah wherein they lie. Waste lands will be assessed at six annas an acre in all pergunnahs, and the rest of the lands in each grant will pay the pergunnah rate of bastoo, bamboo, roopit and feringhatta according to the area of the land answering to each of these descriptions that may be found in the grant.

In the case of the tract of Daling transferred to the Julpigoree district by Government notification, dated 9th January, 1882, the rates to be imposed will, for the present, be those paid for similar lands in the adjoining pergunnah of the Dooars, on the principle just stated, waste lands paying six annas an acre.

The rate to be charged for the present in the case of lands in the Darjeeling hills is a single uniform rate of one rupee an acre for all the lands in the grant.

2. The title conveyed by the renewed lease shall be heritable and transferable, provided that the prior sanction of the Commissioner of the Division be procured to the transfer of any portion of the grant less than the whole, and that no transfer shall be valid as against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferee to the Deputy Commissioner within twenty-one days of the date thereof, or within three months if the deed be executed out of India, together with a registration fee of two annas per acre of the area leased.

3. In other respects the conditions of the renewed lease will be the same as those of clauses 4, 5, 7, 8, 9, 11, 12, 13, and 17 of the preliminary lease.

Rules for the grant of ordinary leases of Arable Lands in the Western Doors.

PART I.

The following rules for the grant of leases of arable lands in the Western Doors supersede all those previously passed:—

1. The lands that will be generally available under these rules lie within that tract of country in the Western Doars which extends in an easterly direction from the east bank of the river Teesta to the west bank of the river Sankos.

2. The following lands will not ordinarily be available under these rules:—

(a).—Lands which by a notification in the *Calcutta Gazette* are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.

(b).—Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sâl, khair, chelownee, sisso, &c.), in considerable quantities in compact blocks or patches.

(c).—Lands in respect of which any person or persons or any village community possess rights of occupancy, or such other rights or privileges as would, in the opinion of the Local Government, render it impolitic or unadvisable to grant such lands to any other person or persons.

(d).—Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare, provided that such road or thoroughfare shall have been constructed or shall be kept in repair from public funds.

(e).—Lands which the Local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

3. Every person desirous of obtaining a grant of land under these rules shall, in person, present an application on stamped paper of the value of eight annas to the tehsildar of the tehsil in which the land lies.

4. The application shall specify—

(a).—The name, father's name, and address of the applicant.

(b).—The area, situation, and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.

(c).—A statement of the particulars, if any, which may appear to the applicant to bring the land applied for, or any part of it, within the exceptions mentioned in Rule 2. The application shall also state whether the land or any part of it is, or has ever been, cultivated in any manner.

5. Every lot applied for shall be compact and capable of being enclosed in a ring-fence; and if any part of the land touches on a public road or navigable river, the length of such road or river frontage shall not exceed one-half the breadth of the lot applied for.

6. No application for an area exceeding 200 acres or less than 10 acres shall be registered, but a larger area than 200 acres may be granted to any one lessee by the Commissioner on the recommendation of the Deputy Commissioner, provided that no grant shall exceed 400 acres. In every case it shall be the duty of the tehsildar to satisfy himself that the applicant is possessed of sufficient means to cultivate the area applied for. Should the tehsildar be of opinion that a smaller area than that applied for should be granted, he will refer the point to the Deputy Commissioner for final orders.

7. The tehsildar shall require the applicant to pay in a sum of three annas an acre on the area applied for to cover cost of survey and enquiry. No further sum shall be required except the actual cost of the work prescribed in Rule 9, and no refund will be made.

8. The tehsildar shall then in person, or by an ameen, inspect the land and ascertain whether it is khas land and available under the above rules; and if it appear to be so, the ameen shall proceed to lay down the boundary and make a survey as follows.

9. The ameen shall fix the boundary, in accordance with Rules 5 and 6, as indicated by the applicant, and shall then clear it from end to end, and afterwards survey it with compass and chain, placing mounds of earth or stone not less than waist-high at every angle and at every point where more than two lots or patches of waste or other properties meet. One mound shall be not less than six feet high, and shall be marked on the map as the base mark, two bearings of which, or bearing and distance of which from good points of reference shall be recorded on the map.

10. The ameen shall prepare a map which shall show—

(a).—All natural features of the country lying within or on the boundaries fixed, such as streams, or the edge of forests, and also public pathways.

(b).—Such features of the country lying outside the boundary as may serve to identify the land and connect it with the revenue survey or with any other map made of other lands in the neighbourhood.

11. The map shall ordinarily be on the scale of 16 inches to the mile. If possible, the field-book shall be copied on the back of it. If not, a copy of the field-book shall be attached to or accompany the map. In submitting his report, the ameen shall state whether he had a clear line for his compass from end to end of the boundary, and whether the mounds are erected as ordered.

12. The tehsildar shall then report the case to the Deputy Commissioner stating whether he is satisfied that the ameen's work has been properly done, and giving any further information which may be required.

13. The Deputy Commissioner shall consider the report, and finally pass orders granting or refusing a lease.

14. The order on the case and on any objection decided on by the Deputy Commissioner shall be appealable to the Commissioner within one month.

15. On receipt of an order to grant a lease, the tehsildar shall deliver to the applicant a preliminary lease in the form annexed, signed by the Deputy Commissioner, together with a copy of the map, and shall place him in possession by planting a bamboo or in any other way locally acknowledged, and shall report delivery and registration of the tenant in a separate register of preliminary lease-holders.

16. The Deputy Commissioner may, in special cases of leases of 200 acres or less, and in all cases of greater area, alter the terms of the lease so as to allow a lessee to manage his land by an authorised agent. In such case the agent must reside on or near the land, and be provided with full legal power to act on behalf of the principal in all matters concerning it.

17. If the lessee is at any time found by survey or otherwise to be in possession of land in excess of the acreage for which he has paid rent, he shall pay rent, at the rates payable by him for the grant itself, for such excess land, whether it be within or without the boundaries described in the lease or map, from one year after the date he received possession (preliminary or otherwise) of grant, or any portion of it, unless it is established to the satisfaction of the Deputy Commissioner that no possession of the excess land was taken until after the grant of the renewed lease, in which case rent shall be payable from the date of the expiration of the preliminary lease. Provided that such unauthorised occupation of excess land and payment of rent for it shall give the trespasser no right to continued occupation, and the Deputy Commissioner shall be entitled, if he thinks fit to do so, to recover possession of the excess land.

18. If any transfer of an application for land is desired before the grant of the preliminary lease, and if such a transfer is allowed,* it must be registered within twenty-one days of the issue of the order allowing the transfer, and a registration fee of two annas an acre must be paid.

FORM OF PRELIMINARY LEASE OF ARABLE LANDS IN THE WESTERN DOOARS.

*Preliminary lease for five entire years of land in _____, granted by the
of _____ to _____ of _____*

1. The lands covered by this lease are situated within the boundaries shown by the red lines in map No. _____, dated _____, and attached to this lease, and may be described as being bounded as follows:—

2. This lease shall be for a period of five years from the commencement of the official year next following the official year of actual entry; and the rights conveyed by it are heritable and also transferable: provided (a) that the entire grant and not a portion of it be transferred; but if in any case, on application being made to the Deputy Commissioner, he finds, after due enquiry, that the transfer of only a portion of the grant would save the entire grant from sale for arrears of Government revenue, or would specially benefit the lessee in any way, the Deputy Commissioner may, with the sanction of the Commissioner, permit the transfer of such portion; (b) that the clearance conditions are duly observed by the transferrer and transferee respectively; (c) that the succession or transfer is registered in the Deputy Commissioner's office within thirty days of the date thereof, or within three months of the final execution if the deed of transfer be executed out of India; and (d) that a registration fee of two annas per acre on the entire grant, whether the succession or transfer be for the entire grant or only a portion thereof, be paid to the Deputy Commissioner on the occasion of every such transfer. If any transfer of the rights conveyed by this lease is made otherwise than in accordance with the foregoing provisions and the rules, all rights in the land leased shall be liable to be forfeited to Government. If any succession or transfer not registered within the prescribed time is allowed by the Deputy Commissioner, a fine for the delay in registration not exceeding one anna for every acre for every month of such delay, or any lesser sum,

No transfer will be allowed, for instance, when the proposed transferee already holds an arable lease grant, half of the area of which has not been brought under cultivation.

shall be payable by the transferee at the discretion of the Deputy Commissioner. After the expiry of this preliminary lease, no right shall be claimed otherwise than as expressly provided, for hereinafter.

The rent to be paid shall be as follows:—

1st full year (from 1st April following date of entry)	Nil.
2nd year	3 as. per acre.
3rd and 4th years	6 "
5th year	8 "

The rent shall be paid to the tehsildar of _____ in the following instalments:—

3. The lessee shall himself reside on or near to the lands covered by the lease. He shall keep all boundary lines or marks in good order and repair and clear of jungle, to the satisfaction of the Deputy Commissioner, and shall, within one year from the date of this preliminary lease, make such continuous boundary mark as he shall be required to do by a written order. If he fail to do so, the Deputy Commissioner may cause the boundary to be made, and recover the cost thereof under the Public Demands Recovery Act, or he may call on the lessee to make it within a specified time on pain of forfeiture of the lease.

4. Any land covered by the lease, which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

5. All rights to minerals or quarries of all kinds are reserved to Government, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

6. No right of fishery and no right to dam up or otherwise obstruct the passage of any streams is given by this lease. A public right-of-way on either bank of every navigable stream, available at any time of the year, is reserved. Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is, in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity; and the lessee is bound not to injure the springs or allow others to do so.

7. All sissoo, sál, champ, semul and chelownee trees of a girth of over three feet at a distance of three feet from the ground, and all such khair trees as may be fit to cut, are to be paid for by the lessee at the rates at which they may be valued by the Forest Department. All other trees may be disposed of by the lessee. The six kinds of trees above specified shall be counted and paid for previous to possession being given.

8. The Deputy Commissioner may at any time, and shall as soon as possible after the expiration of the lease, enter on, inspect, or measure the area under cultivation, and the lessee may at any time demand that such measurement be made. Provided that the cost of any such inspection or measurement as may be made before the expiration of the lease on demand of the lessee shall be paid by him as rent due. If after such inspection by any officer deputed for the purpose it shall appear that one-half of the total area held under the lease is occupied by homesteads or is cultivated, or left fallow, according to good husbandry, or otherwise fairly turned to account for agricultural purposes, the lessee shall be entitled to renewal of this lease for such further period as shall coincide with the termination of the settlement period then current, and thereafter to renewal for the period of each fresh settlement of the taluk, subject always to the following conditions:—

(a).—The rent to be paid shall be fixed by the Deputy Commissioner on the order of Government on each occasion of renewal, *but without the special order of Government shall not exceed double the rent previously paid.*

(b).—The title conveyed by the renewed lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole, but if in any case, on an application being made to the Deputy Commissioner, he finds, after due enquiry, that the transfer of only a portion of the grant would be beneficial to the lessee, the Deputy Commissioner may, with the sanction of the Commissioner, permit the transfer of such portion; that no succession or transfer shall be valid against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the succession or transfer shall have been given and the transfer registered in the Deputy Commissioner's office within thirty days of the date thereof, or within three months if the deed of transfer be executed out of India; and that a registration fee of two annas per acre on the entire grant, whether the succession or transfer be for the entire grant or only a portion thereof, be paid to the Deputy Commissioner on the occasion of every such transfer.

9. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

10. If before the expiration of this preliminary lease, no application for a renewal of the lease shall have been made in accordance with the above provisions, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements may have been made by the Deputy Commissioner.

11. The lessee may sublet any part of the land covered by this lease on such terms as he pleases, provided that he gives the same promise of renewal of the tenure to his sub-tenant on condition of bringing his land into cultivation as is given to himself by this lease. The rent to be paid on renewal shall be determined, on the application of either party, by the Deputy Commissioner, who has the power to fix equitable rates of rent as he has, under sections 76 to 79 of Act X of 1859, to fix terms of pottah.

12. No sub-tenant under the lessee shall sublet any part of his land on pain of forfeiture of his tenure; but this rule and the last shall not be held to prevent the employment of adhaire, projihs, and other labourers supplied with seed and paid by giving them half the crop. If a sub-tenant under the lessee sublets any of his land, no suit or proceeding for the recovery of rent in money or kind on his part shall lie in any court. The Government reserves power to make rules to be observed by the lessee and his tenants for the purpose of carrying out the provisions of this and the last preceding clause, and the lessee agrees to abide by such rules when published for general observance, and to hold the land subject to such rules on pain of forfeiture.

13. Tea may not be cultivated on the area covered by this lease if that area exceeds 200 acres.

14. No clubbing or amalgamation of grants is allowed, and all land bearing tea will be forfeited to Government if more than one grant becomes the property of the same owner, except by inheritance.

PART II.

TERMS AND CONDITIONS OF RENEWED LEASES OF ARABLE LANDS.

1. Subject to any general or special orders of Government, the rent to be paid on the renewal of the lease shall be fixed by the Board of Revenue on the report of the Deputy Commissioner and Commissioner on each occasion of renewal, but shall not exceed the rates of rent per acre paid in the neighbourhood* at the time of renewal for the different classes of lands included in the lease. Provided that in no case shall the total rent payable under the renewed lease be less than eight annas an acre for the entire re-leased.

2. The term of every renewed lease shall coincide with the unexpired period of the then current settlement in the pargannah in which the lands are situated.

3. The title conveyed by the renewed lease shall be heritable and transferable provided that the whole, and not a part, of the grant be transferred; but if in any case, on an application being made to the Deputy Commissioner, he finds, after due enquiry, that the transfer of only a portion of the grant would be beneficial to the lessee, the Deputy Commissioner may, with the sanction of the Commissioner, permit the transfer of such portion; that no succession or transfer shall be valid as against the Government, but shall, in the contrary, be equivalent to a surrender of the lease, unless notification of the succession or transfer shall have been given, and the transfer registered in the Deputy Commissioner's office within thirty days of the transfer, or within three months if the deed of transfer be executed out of India, and that a registration fee of two annas per acre on the entire grant, whether the succession or transfer be for the entire grant or only a portion thereof, be paid to the Deputy Commissioner on the occasion of every such transfer. If any succession or transfer, not registered within the prescribed time, is allowed by the Deputy Commissioner, a fine for the delay in registration, not exceeding one anna for every acre for every month of such delay, or any lesser sum, shall be payable by the transferee at the discretion of the Deputy Commissioner.

4. Where half the area of the grant has not been brought under cultivation during the term of the preliminary lease, as required by that lease, the renewed lease shall ordinarily include an area of waste land equal to the extent of land brought under cultivation during the currency of the preliminary lease. It will be in the discretion of the Deputy Commissioner, subject to the supervision of the Commissioner, to grant or refuse renewal of the lease in such cases, and also to include, if necessary a larger area of waste, so as to make the grant under the renewed lease equal to the whole area granted under the preliminary lease. In the exercise of this discretion, the Deputy Commissioner should be guided by the consideration whether the excess waste is likely to be separately taken up by other applicants or not. If it is likely to be so taken up, he should settle it separately, if it is likely to remain on the hands of Government, he should include it in the new lease.

* The rates per acre paid at present in the Western Division of Bengal are as follows:

DESCRIPTION OF SOIL	In Amburree, Fulta, cotton, Chingam, Moulahat and North Mysore			In Jubbulpore and West Amritsar			In East Midnapore and Chutwalia		
	Rs	A	P	Rs	A	P	Rs	A	P
Best soil and bamboo	2	0	0	1	12	0	1	8	0
Best soil	1	8	0	1	4	0	1	2	0
Feringhatta	1	2	0	0	12	0	0	9	0
Waste	1	3	0	0	3	0	0	3	0

5. When extra waste land is included in the lease under condition 4 above, such portion of it as ought to have been brought under cultivation during the preliminary lease will be assessed at the rate prescribed for cultivated land, and not at the rate of waste land. Unless this condition is insisted upon, it is probable that lessees will neglect cultivation during the term of the preliminary lease, in the hope of getting a renewal of their tenure at lower rates.

6. The Deputy Commissioner may, in special cases of leases of 200 acres or less, and in all cases of leases of greater area, alter the terms of the lease so as to allow a lessee to manage his land by an authorized agent. In such cases the agent must reside on or near to the land, and be provided with full legal power to act on behalf of the principal in all matters concerning it.

7. If the lessee is found by survey or otherwise to be in possession of land in excess of the acreage declared in the lease, he shall pay rent for such excess land, within or without the boundaries therein described, from the date of occupation at the rates entered in clause 3 of the lease.

He shall also be liable to eviction at the discretion of the Deputy Commissioner from any lands that he may have occupied outside the boundaries specified in the lease. In case of dispute, the date of occupation shall be held to be the date of giving or taking possession under the preliminary lease, or where any subsequent survey has been held, the date of the last survey if the acquisition of such excess area be subsequent to such survey. All disputes to be decided on this basis by the Deputy Commissioner, subject to an appeal, to be preferred within thirty days, to the Commissioner.

8. In other respects the conditions of the renewed lease will be the same as those of clauses 3, 4, 5, 6, 9, 10, 11, 12, 13 and 14 of the preliminary lease.

Any land covered by the lease, which may at any time be required for a public purpose, may be taken up by Government free of cost on a deduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

6. All rights to minerals or quarries of all kinds are reserved to Government, together with such rights-of-way and other reasonable facilities as may be requisite for working, getting out, and carrying away such minerals.

7. No right of fishery and no right to dam up or otherwise obstruct the passage of any streams is given by this lease. A public right-of-way on either bank of every navigable stream, available at any time of the year, is reserved. Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is, in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity; and the lessee is bound not to injure the springs or allow others to do so.

8. This lease shall be renewable on a rent the rates of which, subject to any general or special orders of Government, shall be fixed by the Board of Revenue on the report of the Deputy Commissioner on each occasion of renewal, but shall not exceed the rates of rent per acre paid in the neighbourhood at the time of renewal for the different classes of lands covered by the lease.

9. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

10. If before the expiration of this lease no application for a renewal of the lease shall have been made, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements may have been made by the Deputy Commissioner.

11. The lessee may sublet any part of the land covered by this lease on such terms as he pleases, provided that he gives the same promise of the renewal of the tenure to his sub-tenant as is given to himself by this lease. The rent to be paid on renewal shall be determined, on the application of either party, by the Deputy Commissioner, who has the power to fix equitable rates of rent as he has, under sections 76 to 79 of Act X of 1859, to fix terms of pottah.

12. No sub-tenant under the lessee shall sublet any part of his land on pain of forfeiture of his tenure; but this rule and the last shall not be held to prevent the employment of adhairs, prajahs, and other labourers supplied with seed and paid by giving them half the crop. If a sub-tenant under the lessee sublets any of his land, no suit or proceeding for the recovery of rent in money or kind on his part shall lie in any court. The Government reserves power to make rules to be observed by the lessee and his tenants for the purpose of carrying out the provisions of this and the last preceding clause; and the lessee agrees to abide by such rules when published for general observance, and to hold the land subject to such rules, on pain of forfeiture.

13. Tea may not be cultivated on the area covered by this lease if that area exceeds 200 acres.

14. No clubbing or amalgamation of grants is allowed, and all land bearing tea will be forfeited to Government if more than one grant becomes the property of the same owner except by inheritance.

This Government's letter to the Director of Land Records and Agriculture, No. 3660—645Agri, dated the 6th December 1887.

Letter from the Director of Land Records and Agriculture, No. 170TA, dated the 6th February 1888, with enclosures.

PRICE-LISTS of staple food-crops, under section 39 of the Bengal Tenancy Act VIII of 1885, are, under existing orders, prepared on two market days in the month, in accordance with rule 3, Chapter II of the rules published by this Government in the *Calcutta Gazette* of the 23rd December 1885. Under section 39 of the Bengal Tenancy Act these price-lists, which are intended for the guidance of the Civil Courts in the determination of rates of rent, shall be prepared monthly or at shorter intervals, and fortnightly lists were, in the first instance, prescribed as in the case of the returns of prices-current of food-grains, firewood, and salt, published for executive purposes. In noticing and supporting a suggestion put forward by the Collectors of the 24-Pergunnahs, and approved by the Commissioner of the Presidency Division, that in future these price-lists should be prepared monthly instead of fortnightly as at present, the Board of Revenue remarked, in paragraph 229 of their Report on the Land Revenue administration during the year 1886-87, that although the price-lists were regularly prepared, and published locally for criticism in accordance with the procedure laid down, little or no interest appeared to be taken in them, and no objections were even made to the prices recorded even when palpably incorrect. The proposal commends itself to the Lieutenant-Governor, who is of opinion that the important point in connection with the issue of these lists is not that they should appear with frequency, but that they should be as accurate as possible, and His Honour accordingly directs that, from the date of the publication of this Resolution in the *Calcutta Gazette*, the two amended rules annexed shall be substituted for the existing rules 3 and 4 in Chapter II of the Rules under the Tenancy Act. For the purpose of securing accuracy in the returns, supplementary instructions will be issued by the Board of Revenue, and these should be strictly observed by the officers concerned in their preparation.

2. Schedule II, attached to the Rules under the Tenancy Act, shows the local areas and marts originally fixed for the record of prices for the preparation of the price-lists prescribed by section 39, but since the publication of this schedule, changes have been made in the local areas and marts prescribed therein, and the staples, of which prices are to be recorded, have been separately fixed by a notification of the 29th April 1886. This notification again has been modified by the subsequent notifications mentioned in the preamble to this Resolution, and the Lieutenant-Governor has decided to make a further alteration, in order to constitute the whole of the Pubna district as one local area, price-lists being prepared at the Sudder station only. It being desirable that the schedule should be brought up to date, the Lieutenant-Governor takes advantage of the opportunity now afforded, and directs that from the date on which this Resolution appears in the *Calcutta Gazette*, the amended schedule hereto annexed shall be substituted for the existing Schedule II at present attached to the rules.

ORDER—Ordered that this Resolution, with its annexures, be published in the *Calcutta Gazette*, and that copies of it be forwarded to the Departments and officers concerned.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secretary to the Govt. of Bengal.

CALCUTTA,
The 20th April 1888.

Amended Rules to be substituted for the existing Rules 3 and 4 in Chapter II of the Rules under the Bengal Tenancy Act VIII of 1885.

3. "Price-lists of staple food-crops shall be prepared on one market day in the month at intervals of not less than 20 days. This market day shall be selected by the Collector, subject to the control of the Board of Revenue."

4. "The price recorded for each staple food-crop shall be the prevailing retail price at which that crop was actually sold in the mart to which the price-list refers on the day selected under the last preceding rule."

P. NOLAN,
Secretary to the Govt. of Bengal.

CALCUTTA,
The 23rd May 1888.

RED SEA.

*Further particulars regarding the position of the wreck of the *Avocet* and *Teddington*.*

The following Notice to Mariners, issued by the British Admiralty, London (No. 115 of the year 1888), is re-published with reference to Nos. 51 (1) and 54, dated respectively the 19th August and 15th September 1887, and previous orders on the subject, issued by this Department.

With reference to Notice to Mariners, No. 190 of 1887, on reported sunken rocks northward of Jebel Zukur island:—

Telegraphic information has been received from Lieutenant and Commander T. F. Pullen, H. M.'s. Surveying Vessel *Stork*, that he has found a small coral patch, with a least depth of 15 feet, situated in lat. $14^{\circ} 22' 8''$ N., long. $42^{\circ} 41' 32''$ E.

This is undoubtedly the danger on which the steam vessels *Avocet* and *Teddington* struck during last year. It lies midway between the two best positions, which, from conflicting evidence, could be assigned to the respective vessels when they struck. The depths around the rock are 28 to 30 fathoms.

The *Stork's* search is the fourth that has been made by H. M.'s. ships before this small danger has been re-discovered.

Vessels passing down the Red Sea should keep to the westward of this rock, and should remember that irregular lateral currents sometimes set across the sea; and if, when on the homeward voyage, they pass eastward of Abu Ail, care should be taken to steer to the westward after rounding that island, until Jebel Zukur summit bears about S.S.E. $\frac{1}{2}$ E.

There is little doubt that the loss of the *Avocet* was due to one of the lateral currents above mentioned, as not only was the steam vessel *St. Oswald* in company with the *Avocet*, also to the eastward of the correct track, but other vessels passed on both sides of the two vessels while stopped to save the crew of the *Avocet*.

- II.—Such Commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.
- III.—Immediately on arrival the Commander shall cause the letter R of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorized by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.
- VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

Such supplies will be placed on the boats of the vessels in quarantine to be subsequently removed by members of their crews.

Further particulars regarding the position of the wrecks of the Avocet and Teddington.

The following Notice to Mariners, issued by the British Admiralty, London (No. 115 of the year 1888), is re-published with reference to Nos. 51 (1) and 54, dated respectively the 19th August and 15th September 1887, and previous orders on the subject, issued by this Department.

With reference to Notice to Mariners, No. 190 of 1887, on reported sunken rocks northward of Jebel Zukur island:—

Telegraphic information has been received from Lieutenant and Commander T. F. Pullen, H. M.'s. Surveying Vessel *Stork*, that he has found a small coral patch, with a least depth of 15 feet, situated in lat. $14^{\circ} 22' 8''$ N, long $42^{\circ} 41' 32''$ E.

This is undoubtedly the danger on which the steam vessels *Avocet* and *Teddington* struck during last year. It lies midway between the two best positions, which, from conflicting evidence, could be assigned to the respective vessels when they struck. The depths around the rock are 28 to 30 fathoms.

The *Stork's* search is the fourth that has been made by H. M.'s. ships before this small danger has been re-discovered.

Vessels passing down the Red Sea should keep to the westward of this rock, and should remember that irregular lateral currents sometimes set across the sea; and if, when on the homeward voyage, they pass eastward of Abu Ail, care should be taken to steer to the westward after rounding that island, until Jebel Zukur summit bears about S.S.E. $\frac{1}{2}$ E.

There is little doubt that the loss of the *Avocet* was due to one of the lateral currents above mentioned, as not only was the steam vessel *St. Oswald* in company with the *Avocet*, also to the eastward of the correct track, but other vessels passed on both sides of the two vessels while stopped to save the crew of the *Avocet*.

RED SEA.

Further particulars regarding the position of the wrecks of the Avocet and Teddington.

The following Notice to Mariners, issued by the British Admiralty, London (No. 115 of the year 1888), is re-published with reference to Nos. 51 (1) and 51, dated respectively the 19th August and 15th September 1887, and previous orders on the subject, issued by this Department.

With reference to Notice to Mariners, No. 190 of 1887, on reported sunken rocks northward of Jebel Zukur island:—

Telegraphic information has been received from Lieutenant and Commander T. F. Pullen, H. M.'s. Surveying Vessel *Stork*, that he has found a small coral patch, with a least depth of 15 feet, situated in lat. $14^{\circ} 22' 8''$ N, long. $42^{\circ} 41' 32''$ E.

This is undoubtedly the danger on which the steam vessels *Avocet* and *Teddington* struck during last year. It lies midway between the two best positions, which, from conflicting evidence, should be assigned to the respective vessels when they struck. The depths around the rock are 28 to 30 fathoms.

The *Stork's* search is the fourth that has been made by H. M.'s. ships before this small danger has been re-discovered.

Vessels passing down the Red Sea should keep to the westward of this rock, and should remember that irregular lateral currents sometimes set across the sea; and if, when on the homeward voyage, they pass eastward of Abu Ail, care should be taken to steer to the westward after rounding that island, until Jebel Zukur summit bears about S.S.E. $\frac{1}{2}$ E.

There is little doubt that the loss of the *Aracet* was due to one of the lateral currents above mentioned, as not only was the steam vessel *St. Oswald* in company with the *Aracet*, also to the eastward of the correct track, but other vessels passed on both sides of the two vessels while stopped to save the crew of the *Aracet*.

(The bearing is Magnetic. Variation 4° Westerly in 1888).
